

Good As Gold

Music & lyrics by Finley Do O'Doherty

D sus2

Ocean air and clear blue skies

Bm

Watch coyote chase the sunrise

D sus2

How long can she disguise

Bm

What she's planning behind the lies

D sus2

She will never go out on a limb

Bm

While she's still carrying him

F# G#

With all of the responsibilities

F# G#

And the "you're not ready"s

D E

She wonders if she's young or old

G A

There's a tangle of everything she's been told

D E

Should she be quiet or should she be bold?

G. A

Which way will get her as good as gold?

D sus2

I've decided that I'll drink

Bm

From the tin and not the spring

D sus2

I'd rather soar on a dragon's wing

Bm

Than wait for what the forest will bring

D sus2

And if life and love don't last

Bm

Neither will the times you feel aghast

F# G#

With all of the responsibilities

F# G#

And the "you're not ready"s

D E
They wonder if they're young or old
G A
There's a tangle of everything they've been told
D E
Should they be quiet or should they be bold?
G A
Which way will get them as good as gold?

D
I started high school in the fall
Bm
A moment that's both big and small
D
I always thought by now I'd be tall
Bm
But I don't really care at all
D
Just as long as I don't blink
Bm
I will be alright, I think

F# G#
With all of the responsibilities
F# G#
And the "you're not ready"s

D E
I wonder if I'm young or old
G A
There's a tangle of everything I've been told
D E
Should I be quiet or should I be bold?
G A
Which way will get me as good as gold?
